

## Rain Barrel Making Class

Have you ever wondered what rainwater harvesting is and how to do it? Come out to our Rain Barrel Workshop and learn all about it! Dotty Woodson from Agrilife Extension will be teaching us all about harvesting rainwater and why it's important. Then our Water Utilities Division will teach us how to construct the rain barrels. Each registered participant will receive one 55 - gallon rain barrel to make and take home. All supplies provided. This class is geared towards adults and older children. Each registered adult may bring up to 2 family members to the class to learn and help create the barrel. (Only one person per family needs to register.) Pre-registration required.

**Saturday June 10<sup>th</sup>, 9-10am**

\$45/\$50 per barrel. **Save \$2 with MAC membership.** Register at the MAC or online at [www.olivernaturepark.com](http://www.olivernaturepark.com). Contact [olivernaturepark@mansfieldtexas.gov](mailto:olivernaturepark@mansfieldtexas.gov) with any questions or concerns.
